

## Getting started

Go to [tute.com](http://tute.com)

Your user name will always be:  
firstname.lastname@SchoolName

For example, john.smith@TuteHigh

Your password will be given to you by your teacher/helper.

## Social Cloud

A quick explanation to show what you'll find once you're logged in.

Home

This is the page you will see once you have logged in to Tute. It will show you the latest updates and messages.

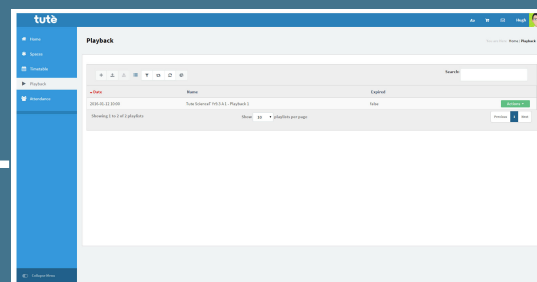

Spaces

Most learning programmes and courses that you are following will have a space attached to them where you can access learning that is associated. Here, you can collaborate with other learners and download some useful resources.

Timetable

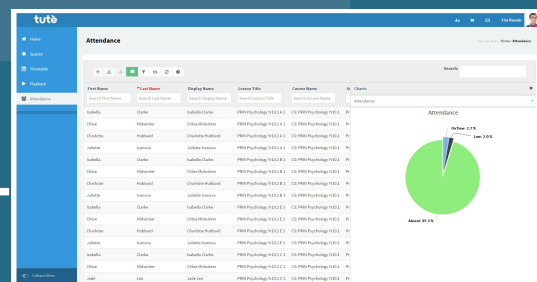

This is your calendar of lessons. It shows you all the lessons that you have and will access. When a lesson starts, the icon will become green and you click to join.

Playback

Playback gives you the opportunity to go back and review lessons you have taken.

Please note: You might need to scroll to get to the point where your teacher started the lesson.

Attendance

This tab allows you, and teachers, to review attendance data. Your attendance is reported automatically, and prompt emails and messages sent if a student is late. Any lessons missed can be accessed via the playback tool and teachers are notified when the missed lesson has been viewed.
